INDEX

ABSORPTION, calcium and phosphorus, and deposition, effects produced by decreasing the calcium and phosphorus intake on, and on various bodily constituents of the rat 145
Absorption, intestinal, of vitamin A in the normal rat 67
Absorption of some natural fats, comparative rate of 215
Absorption of synthetic triglycerides in the rat, rate of 227
Acid, ascorbic, content of goat's milk and blood: Influence of ascorbic acid injection and diet 99
Acid, ascorbic, determination of, in evaporated milk, powdered milk and powdered milk products 327
Acid, ascorbic, injection and diet, influence of. Ascorbic acid content of goat's milk and blood 99
Acid, citric, metabolism of, by infants 255
Acid, nicotinic, in sheep, studies on metabolism of 551
Acid, pantothenic, deficiency, studies on a dermatitis in chicks distinct from 599
Acid, pantothenic, relation of, to the filtrate fraction of the vitamin B complex 413
Acid, pantothenic, requirement of the rat 565
Acid phosphorus, phytic, availability of 7
Acid, quinolinic, and pyrazine acids, effect of, on the V-factor content of human blood and upon canine blacktongue 477
Acids, crystalline amino, to infants, intravenous administration of ... 305
Acids, pyrazine, and quinolinic acid, effect of, on the V-factor content of human blood and upon canine blacktongue 477
Action of vitamin D, further evidence of mode of 197
Activity of vitamin D in rachitic rats, effect of fluorine on 75
Administration, intravenous, of crystalline amino acids to infants 305
Albino rat, mature, the plane of intake of beef muscle protein as affecting the energy and the nitrogen metabolism of 47
Alpha-tocopherol, prevention and cure of nutritional muscular dystrophy in the rabbit by, in the absence of a water-soluble factor 399
Aluminum, copper, silver, manganese, lead and tin in normal biological material 85
Amino acids, crystalline, to infants, intravenous administration of ... 305
ANDERSON, HARLAN DWIGHT, CONRAD ARNOLD ELVEHJEM AND JOHN EUGENE GONCE, JR. A comparison of the nutritive values of raw, pasteurized and evaporated milks for the dog 433
ANDERSON, WILLIAM EDWARD. See Pickens, Marjorie 351
Anemia, pigeon, as a deficiency disease 203
Animal, and plant, materials, distribution of "grass juice factor" in ... 459
Animal body, fate of pectins in. Pectic enzymes 289
Animals, normal, hyperalimentation in, produced by protamine insulin .. 59
Anti-grey hair vitamin deficiency in the silver fox 627
Ascorbic acid content of goat's milk and blood: Influence of ascorbic acid injection and diet 99
Ascorbic acid, determination of, in evaporated milk, powdered milk and powdered milk products 327
Ascorbic acid injection and diet, influence of. Ascorbic acid content of goat's milk and blood 99
Assay, biological, of riboflavin 133
Assay, biological, of riboflavin in the liver of the cow, calf, sheep, lamb and hog 169
Assay, chicken vitamin D, modification of line test applicable to 339
Assimilation, comparative, of fluorine by growing rats during continuous and intermittent dosage 383
Availability of phosphorus, effect of calcium and vitamin D on 125
Availability of phytic acid phosphorus 7
Availability to white rats of phosphorus in soybean and red clover hays ... 391

BACHMANN, GEORGE, JOHN HALDI, WINFREY WYNN AND CHARLES ENSOR. The effects produced by decreasing the calcium and phosphorus intake on calcium and phosphorus absorption and deposition and on various bodily constituents of the rat 145
BARNES, DONALD JEROME. See Smith, Arthur Henry 255

Beef muscle protein, the plane of intake of, as affecting the energy and the nitrogen metabolism of the mature albino rat 47
BELASCO, IRVIN JOSEPH, AND JOHN RAYMOND MURLIN. The effect of vitamins A and C on experimental hyperthyroidism 577
BENDER, RAYMOND CLAYTON. See Supplee, George Cornell 109
BERNDS, MARIE. See Kempster, Elizabeth 279
BERRYMAN, G. H. See Shields, John Bickford 263
BETHKE, ROLAND MARTIN. See Hunt, Charles H. 175
Biological assay of riboflavin 133
Biological assay of riboflavin in the liver of the cow, calf, sheep, lamb and hog 169
Biological material, normal, manganese, lead, tin, aluminum, copper and silver in 85
BLACK, ALEX. See Forbes, Ernest Browning 47
BLACKFAN, KENNETH D. See Shohl, Alfred T. 305

Blacktongue, canine, effect of pyrazine acids and quinolinic acid on the V-factor content of human blood and upon 477
Blood, and milk, goat's, ascorbic acid content of. Influence of ascorbic acid injection and diet 99
Blood, human, V-factor content of, effect of pyrazine acids and quinolinic acid on, and upon canine blacktongue 477
Blood serum of young horses, calcium, inorganic phosphorus, and magnesium content of 1
BLUNN, CECIL THOMAS, CARROLL EVAN HOWELL AND ROBERT WALLACE CALDWELL. The calcium, inorganic phosphorus, and magnesium content of the blood serum of young horses 1
BREITER, HERTA. See Kempster, Elizabeth 279
BREITER, HERTA. See Mills, Rosalind 467
BRYAN, WILLIAM LAMAR, JR. See Mason, Karl Ernest 501
BUNKFELDT, RUDOLF. See Krieger, Carl Henry 7
BUNKFELDT, RUDOLF. See Krieger, Carl Henry 15

CALCIFYING action of citrates, relation of phytin to 157
Calcium and phosphorus absorption and deposition, effects produced by decreasing the calcium and phosphorus intake on, and on various bodily constituents of the rat 145
Calcium and phosphorus content of certain vegetables grown under known conditions of fertilization 243
Calcium and phosphorus intake, effects produced by decreasing, on calcium and phosphorus absorption and deposition and on various bodily constituents of the rat 145
Calcium and phosphorus metabolism in rats and dogs as influenced by the ingestion of mineral oil 19
Calcium and phosphorus metabolism, influence of fat on 367
Calcium and vitamin D, effect of, on the availability of phosphorus 125
Calcium, calcium phytate as a source of 15
Calcium in carrots, lettuce and string beans in comparison with the calcium in milk, utilization of 263
Calcium in milk, utilization of calcium in carrots, lettuce and string beans in comparison with 263
Calcium, inorganic phosphorus, and magnesium content of the blood serum of young horses 1
Calcium of di-calcium phosphate by children, utilization of 279
Calcium phytate as a source of calcium 15
Calcium retention in children, influence of lactose on 467
CALDWELL, ROBERT W. See Blunn, Cecil T. 1
Calf, sheep, lamb, hog and cow, liver of, biological assay of riboflavin in 169
CALLAWAY, JAMES W. See MacKay, Eaton M. 59
CAMPBELL, KATHRYNE H. See [illegible]er, Curt Paul 31
Canine blacktongue, effect of [illegible]ine acids and quinolinic a[illegible] on the V-factor content of human blood and upon 477
Carrots, lettuce and string beans, utilization of calcium in, in comparison with the calcium in milk 263
Cattle, range, length of time required for depletion of vitamin A reserves in 491
CAWLEY, JOHN D. See Gray, Edward Le Breton 67
Cereals and rickets. X. Availability of phytic acid phosphorus 7
Cereals and rickets. XI. Calcium phytate as a source of calcium 15
Cereals and rickets. XII. The effect of calcium and vitamin D on the availability of phosphorus 125
Chicken tissue, influence of dietary riboflavin on content of this vitamin in 377
Chicken vitamin D assay, modification of line test applicable to 339
Chicks, dermatitis in, distinct from pantothenic acid deficiency, studies on 599
Chicks, multiple deficiencies in modified Goldberger diet as demonstrated with 519
Children, influence of lactose on calcium retention in 467
Children, utilization of the calcium of di-calcium phosphate by 279
CHOLAK, JACOB. See Kehoe, Robert Arthur 85
Choline and other supplements, effect of, on perosis 445
Citrates, relation of phytin to calcifying action of 157
Citric acid, metabolism of, by infants 255

Powdered milk, powdered milk products and evaporated milk, determination of ascorbic acid in 327
Powdered milk products, evaporated milk and powdered milk, determination of ascorbic acid in 327
Preferences, taste, and taste thresholds, of rats for five common sugars.. 31
Prevention and cure of nutritional muscular dystrophy in the rabbit by alpha-tocopherol in the absence of a water-soluble factor 399
Protamine insulin, hyperalimentation in normal animals produced by... 59
Protein, beef muscle, the plane of intake of, as affecting the energy and the nitrogen metabolism of the mature albino rat 47
Pyrazine acids and quinolinic acid, effect of, on the V-factor content of human blood and upon canine blacktongue 477
Pyridoxine (vitamin B_6) 541

QUANTITATIVE response and specificity of vitamin B_6, effect of complementing factors on 109
Quantitative study of vitamins in the rumen contents of sheep and cows fed vitamin-low diets. I. Riboflavin and vitamin K 527
Quantitative study of vitamins in the rumen contents of sheep and cows fed vitamin-low diets. II. Vitamin B_6 (pyridoxine) 541
Quinolinic acid and pyrazine acids, effect of, on the V-factor content of human blood and upon canine blacktongue 477

RABBIT, prevention and cure of nutritional muscular dystrophy in, by alpha-tocopherol in the absence of a water-soluble factor 399
Rabbit, relationship between insensible loss of weight and heat production of 297
Rachitic rats, effect of fluorine on the activity of vitamin D in 75
RANDLE, STACY BOYCE, HERBERT ALEXANDER SOBER AND GEORGE OSCAR KOHLER. The distribution of the "grass juice factor" in plant and animal materials 459
Range cattle, length of time required for depletion of vitamin A reserves in 491
Rat, effects produced by decreasing the calcium and phosphorus intake on calcium and phosphorus absorption and deposition and on various bodily constituents of 145
Rat, growing, influence of exercise on, in the presence and absence of vitamin B_1 589
Rat, mature albino, the plane of intake of beef muscle protein as affecting the energy and the nitrogen metabolism of 47
Rat, normal, intestinal absorption of vitamin A in 67
Rat, pantothenic acid requirement of 565
Rat, placental and mammary transfer of vitamin E in 501
Rat, rate of absorption of synthetic triglycerides in 227
Rate, comparative, of absorption of some natural fats 215
Rate of absorption of synthetic triglycerides in the rat 227
Rates of gain, different, composition of gains made by rats on diets promoting 351
Rats and dogs, calcium and phosphorus metabolism in, as influenced by the ingestion of mineral oil 19
Rats, composition of gains made by, on diets promoting different rates of gain 351
Rats, eastern cotton, vitamin C metabolism in 427
Rats fed a diet extremely low in phosphorus, histological studies of tissues of 181
Rats, growing, comparative assimilation of fluorine by, during continuous and intermittent dosage.. 383

Rats, rachitic, effect of fluorine on the activity of vitamin D in..... 75
Rats, taste thresholds and taste preferences of, for five common sugars 31
Rats, white, availability to, of phosphorus in soybean and red clover hays..... 391
Raw, pasteurized and evaporated milks for the dog, comparison of nutritive values of..... 433
Red clover hays, and soybean, phosphorus in, availability to white rats of..... 391
Relation of pantothenic acid to the filtrate fraction of the vitamin B complex..... 413
Relation of phytin to the calcifying action of citrates..... 157
Relationship between insensible loss of weight and heat production of the rabbit..... 297
Requirement, minimum, of riboflavin for the growing pig..... 233
Requirement, minimum, of thiamin for the growing pig..... 239
Requirement, pantothenic acid, of the rat..... 565
Requirement, thiamin, of young swine, studies on..... 607
Retention, calcium, in children, influence of lactose on..... 467
Riboflavin and vitamin K..... 527
Riboflavin, biological assay of..... 133
Riboflavin, biological assay of, in the liver of the cow, calf, sheep, lamb and hog..... 169
Riboflavin content of certain hays and grasses..... 175
Riboflavin, dietary, influence of, on the content of this vitamin in chicken tissue..... 377
Riboflavin for the growing pig, minimum requirement of..... 235
RICHARDSON, LUTHER RAY. See Hogan, Albert Garland..... 203
RICHMOND, MARTHA SMITH, GEORGE HOWARD SATTERFIELD, CLAUDE DELBERT GRINNELLS AND WILLIAM JOHN DANN. Ascorbic acid content of goat's milk and blood: Influence of ascorbic acid injection and diet..... 99
RICHTER, CURT PAUL, AND KATHRYNE HARDY CAMPBELL. Taste thresholds and taste preferences of rats for five common sugars..... 31
Rickets, and cereals. X. Availability of phytic acid phosphorus... 7
Rickets, and cereals. XI. Calcium phytate as a source of calcium..... 15
Rickets, and cereals. XII. The effect of calcium and vitamin D on the availability of phosphorus..... 125
Rickets, healing of, with vitamin D, fat as a factor in..... 317
RIGGS, JOHN KAMM. The length of time required for depletion of vitamin A reserves in range cattle..... 491
Rumen contents of sheep and cows fed vitamin-low diets, quantitative study of vitamins in..... 527, 541
RUTH, WARREN ALBERT. See Lawrens, Margaret..... 383

SAFFRY, OLGA BARBARA, HAZEL SOPHIA COX, BERNICE LYDIA KUNERTH AND MARTHA MORRISON KRAMER. The biological assay of riboflavin in the liver of the cow, calf, sheep, lamb and hog..... 169
SATTERFIELD, GEORGE HOWARD. See Richmond, Martha Smith..... 99
SCHMIDT, HUBERT. See Pearson, Paul Brown..... 551
SCHUETTE, HENRY. See Woessner, Warren W..... 327
Serum, blood, of young horses, calcium, inorganic phosphorus, and magnesium content of..... 1
Sheep and cows fed vitamin-low diets, quantitative study of vitamins in the rumen contents of..... 527, 541
Sheep, lamb, hog, cow and calf, liver of, biological assay of riboflavin in 169
Sheep, studies on metabolism of nicotinic acid in..... 551
SHIELDS, JOHN BICKFORD, BERTHIER WESLEY FAIRBANKS, G. H. BERRYMAN AND HAROLD HANSON MITCHELL. The utilization of calcium in carrots, lettuce and string beans in comparison with the calcium in milk..... 263
SHOHL, ALFRED THEODORE, AND KENNETH D. BLACKFAN. The intravenous administration of crystalline amino acids to infants..... 305
Silver fox, anti-grey hair vitamin deficiency in..... 627
Silver, manganese, lead, tin, aluminum and copper in normal biological material..... 85
SIMMS, HELEN DAVISON. See Morgan, Agnes Fay..... 627
SMITH, ARTHUR HENRY, DONALD JEROME BARNES, CURTIS ERDMUND MEYER AND MILDRED KAUCHER. The metabolism of citric acid by infants..... 255
SMITH, ARTHUR HENRY. See Pickens, Marjorie..... 351
SMITH, MARGARET CAMMACK, AND HAREY SPECTOR. Calcium and phosphorus metabolism in rats and dogs as influenced by the ingestion of mineral oil..... 19
SMITH, MARGARET CAMMACK, AND HAREY SPECTOR. Further evidence of the mode of action of vitamin D 197
SOBER, HERBERT ALEXANDER. See Randle, Stacy Boyce..... 459
Soybean and red clover hays, phosphorus in, availability to white rats of..... 391
Specificity, and quantitative response, of vitamin B_6, effect of complementing factors on..... 109
SPECTOR, HARRY. See Smith, Margaret Cammack..... 19
SPECTOR, HARRY. See Smith, Margaret Cammack..... 197
STEENBOCK, HARRY. See Krieger, Carl Henry..... 7, 15, 125
STORY, ROBERT VICTOR. See Kehoe, Robert Arthur..... 85
String beans, carrots and lettuce, utilization of calcium in, in comparison with the calcium in milk.. 263
Studies, histological, of the tissues of rats fed a diet extremely low in phosphorus..... 181
Studies on a dermatitis in chicks distinct from pantothenic acid deficiency..... 599
Studies on the metabolism of nicotinic acid in sheep..... 551
Studies on the thiamin requirement of young swine..... 607
Study, quantitative, of vitamins in the rumen contents of sheep and cows fed vitamin-low diets..... 527, 541

Sugars, five common, taste thresholds and taste preferences of rats for 31
SUPPLEE, GEORGE CORNELL, RAYMOND CLAYTON BENDER AND ORME JULIUS KAHLENBERG. The effect of complementing factors on the quantitative response and specificity of vitamin B_6 109
SWIFT, RAYMOND WALTER. See Forbes, Ernest Browning 47
Swine, young, studies on the thiamin requirement of 607
Synthetic triglycerides in the rat, rate of absorption of 227

TASTE preferences, and taste thresholds, of rats for five common sugars
Taste thresholds and taste preferences of rats for five common sugars 31
THACKER, EDWARD JESSE. See Forbes, Ernest Browning 47
Thiamin for the growing pig, minimum requirement of 239
Thiamin requirement of young swine, studies on 607
Thresholds, taste, and taste preferences of rats for five common sugars 31
Time, length of, required for depletion of vitamin A reserves in range cattle 491
Tin, aluminum, copper, silver, manganese and lead in normal biological material 85
Tissue, chicken, influence of dietary riboflavin on content of this vitamin in 377
Tissues of rats fed a diet extremely low in phosphorus, histological studies of 181
Tocopherol, alpha, prevention and cure of nutritional muscular dystrophy in the rabbit by, in the absence of a water-soluble factor 399
Triglycerides, synthetic, in the rat, rate of absorption of 227

UNNA, KLAUS. Pantothenic acid requirement of the rat 565
Utilization of calcium in carrots, lettuce and string beans in comparison with the calcium in milk 263
Utilization of calcium of di-calcium phosphate by children 279

V-FACTOR content of human blood, effect of pyrazine acids and quinolinic acid on, and upon canine blacktongue 477
Values, nutritive, of raw, pasteurized and evaporated milks for the dog, comparison of 433
VAN ETTEN, CECIL, NED ROYCE ELLIS AND LOUIS LINDEN MADSEN. Studies on the thiamin requirement of young swine 607
Vegetables, certain, grown under known conditions of fertilization, calcium and phosphorus content of 243
Vitamin A, intestinal absorption of, in the normal rat 67
Vitamin A reserves in range cattle, length of time required for depletion of 491
Vitamin B complex, relation of pantothenic acid to the filtrate fraction of 413
Vitamin B_1, influence of exercise on the growing rat in the presence and absence of 589
Vitamin B_2 (pyridoxine) 541
Vitamin B_6, effect of complementing factors on the quantitative response and specificity of 109
Vitamin C metabolism in eastern cotton rats 427
Vitamin D and calcium, effect of, on the availability of phosphorus 125
Vitamin D assay, chicken, modification of line test applicable to 339
Vitamin D, fat as a factor in the healing of rickets with 317
Vitamin D, further evidence of mode of action of 197
Vitamin D in rachitic rats, effect of fluorine on the activity of 75
Vitamin E in the rat, placental and mammary transfer of 501
Vitamin K and riboflavin 527
Vitamin deficiency, anti-grey hair, in the silver fox 627
Vitamin in chicken tissue, influence of dietary riboflavin on content of this 377
Vitamin-low diets, quantitative study of vitamins in the rumen contents of sheep and cows fed 527, 541
Vitamins A and C, effect of, on experimental hyperthyroidism 577
Vitamins C and A, effect of, on experimental hyperthyroidism 577
Vitamins in the rumen contents of sheep and cows, fed vitamin-low diets, quantitative study of 527, 541

WAISMAN, HARRY AARON, AND CONRAD ARNOLD ELVEHJEM. Multiple deficiencies in the modified Goldberger diet as demonstrated with chicks 519
Water-soluble factor, prevention and cure of nutritional muscular dystrophy in the rabbit by alpha-tocopherol in the absence of a 399
Weight, insensible loss of, and heat production of rabbit, relationship between 297
White rats, availability to, of phosphorus in soybean and red clover hays 391
WILLIAMS, DOROTHY ELIZABETH, FLORENCE LOUISE MACLEOD AND ELISE MORRELL. Availability to white rats of phosphorus in soybean and red clover hays 391
WINEGAR, ARNOLD HENRY. See Pearson, Paul Brown 551
WOESSNER, WARREN WENDLING, CONRAD ARNOLD ELVEHJEM AND HENRY SCHUETTE. The determination of ascorbic acid in evaporated milk, powdered milk and powdered milk products 327
WYNN, WINFREY. See Bachmann, George 145

YOUNG horses, calcium, inorganic phosphorus, and magnesium content of the blood serum of 1
Young swine, studies on the thiamin requirement of 607
